## CHICAGO POLICE DEPARTMENT

001<sup>st</sup> District

### SECTION 1 – PROBLEM SOLVING PRIORITIES

Determine and define three problem solving priorities for your District for the coming year, as identified by the community. Provide responses below to delineate how the District will apply the SARA model of problem solving to each priority. **Please ensure responses are specific and detailed.**

| PROBLEM SOLVING PRIORITY #1 |  |   |   |   |   |
|-----------------------------|--|---|---|---|---|
| <b>Scanning</b>             | <b>Priority Title</b>  | Robberies on Beat 123   |   |   |   |

|                             | <b>Source</b><br><i>Check all that apply</i>   | <input checked="" type="checkbox"/> Calls for Service   | <input checked="" type="checkbox"/> Community Conversations | <input type="checkbox"/> DAC Meetings             |   |
|                             |  | <input type="checkbox"/> Crime Data   | <input checked="" type="checkbox"/> Community Interactions  | <input checked="" type="checkbox"/> Beat Meetings |   |
|                             | <b>Rationale</b><br><i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i> | Robbery has been a chronic problem in the 001 <sup>st</sup> District, especially on Beat 123. Robbery is a violent crime which causes psychological distress, financial loss, possible physical harm, and decreases the perception of personal security. Beat 123 has consistently led the district in robberies for a number of years. There have been 49 robberies year to date in 2020, which is similar to 2019. During the 2019 calendar year, 66 robberies were reported, compared to 61 in 2018. These numbers and the effects they have caused on the community are why we picked this as a priority. |   |   |   |
| <b>Analysis</b>             | <b>Problem Analysis</b><br><i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>   | 1. <i>Who is / are the victim(s)?</i><br>The robbery victims are unsuspecting commuters, students and visitors to the downtown area.  |   |   |   |
|                             |  | 2. <i>Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</i><br><br>Offenders normally approach on foot and wear dark colored clothing. Offenders in the majority of cases have stated they have a weapon prior to demanding the victim's personal belongings, and mostly flee using vehicles or one of the main CTA hubs located at Roosevelt Rd and State St.  |   |   |   |
|                             |  | <i>Typical Time of Day (select all that apply):</i>   | <input checked="" type="checkbox"/> 1 <sup>st</sup> Watch   | <input type="checkbox"/> 2 <sup>nd</sup> Watch    | <input checked="" type="checkbox"/> 3 <sup>rd</sup> Watch |
|                             |  | 3. <i>What is the location of this problematic activity? Use street names to delineate the boundaries below:</i><br><ul style="list-style-type: none"> <li>• Eastern Boundary: Michigan Ave</li> <li>• Western Boundary: Delano Ct</li> <li>• Northern Boundary: Ida B. Wells</li> <li>• Southern Boundary: Roosevelt Rd</li> </ul>   |   |   |   |
|                             | <b>Root Cause Analysis</b><br><i>Identify potential root causes of the problem that, if mitigated, would prevent the problem from re-occurring. Be as specific as possible.</i>                            | The area is targeted due to the high volume of people in the business district and those utilizing nearby public transportation. Often times, victims are not paying attention to their surroundings. The offenders are able to use multiple escape routes, which the area provides, to elude responding Officers.<br>The CTA station and platform located at Roosevelt and State is a focal point for many of these robberies. The passengers awaiting buses or trains, are preoccupied and once again, not aware of their surroundings.   |   |   |   |
| <b>Response</b>             | <b>Response Strategy</b><br><i>Describe the overall approach that will be taken to solve the problem, based on the</i>   | <i>Non-enforcement response (required):</i><br>The 001 <sup>st</sup> District will continue to work with business owners, community stake holders and responding officers to encourage patrons to be aware of their surroundings. Moreover, the 001 <sup>st</sup> District will work with the mass transit unit and representatives for the CTA and educate the citizens on personal safety measures.   |   |   |   |

A sustained, but continuing decrease in documented incidents would help ensure our implemented strategies are working. Moreover, the 001<sup>st</sup> District Analyst will follow-up to ensure the strategies being instituted to combat these crime are meeting the desired results. Potential acts of civil unrest, the COVID-19 pandemic and the cooler weather have an effect on robbery incidents therefore, a 4-6 month time period allows for a better indicator in the desired impact.</p> |   |  |   |   |
| <p><b>Mitigation Criteria</b></p> <p>Explain how you will specifically know when the problem can be considered "addressed". Consider both quantitative and qualitative approaches.</p> | <p>The problem will be considered "addressed" when a decrease in the amount of documented. Beat 123's historical robbery issue will not be considered "addressed" when a temporary decrease is noted, but only when a "sustained" decreased In crime is identified.</p>  |   |  |   |   |

Retail merchants not only have been impacted by usual retail thefts, but also from looting and property damage, causing some to close or relocate. Through the comprehensive search of crime data along with communications with the merchants, it was determined there was two locations within this priority. The first location includes the Roosevelt Road corridor (Michigan Avenue to Jefferson Street) and the second location includes State St from Jackson Boulevard to Lake St. |  |  |   |   |
